IN THIS ISSUE: MOVIE MONTH 2019

This month, ***PREVIEWS*** goes to the movies once again to celebrate the comics and graphic novels that inspired the comic book movies you know and love… like recent hits such as *SHAZAM!*, *Captain Marvel* or *Avengers: Endgame*. As you get ready for another summer at the movies, be sure to check out some choice movie-related comic and graphic novel selections for your reading list starting on **Page 240**, or just look for the *Movie Month* icon throughout this issue for more great movie-related titles!

ALSO IN THIS ISSUE:
ZORRO'S 100TH ANNIVERSARY!

Created in 1919 by American pulp writer Johnston McCulley and appearing in works set in the Pueblo of Los Angeles during the era of Spanish California (1769–1821), *Zorro* is a dashing masked vigilante who defends the commoners and indigenous peoples of California against tyranny. In honor of Zorro's 100th anniversary this year, American Mythology asked a host of writers and artists what they liked best about the classic masked hero. You can find their responses (including legendary writer, Don McGregor) **on Page 263** of this issue!

HOME IS WHERE YOUR STUFF IS...

Since I moved to Maryland back in 1988 to help launch **PREVIEWS** I have been, for the most part, a renter. There was a short period in the mid '90s where I owned a home in Pennsylvania but that, alas, did not last. So, from 1996 to May 2019, I have paid out rent to various apartment complexes in the area. Which wasn't really doing me any good...

But this year, I decided I had had enough of "throwing" money away on rent and stepped up to buy a house. It's been an interesting, frustrating, nerve-wracking, and ultimately satisfying experience over the past couple of months, but I think the place I found is a great fit for me and will make a great home for me and my stuff.

It's got four rooms and a fully finished basement, so there's plenty of room for me, my collection, and even guests, should the need arise! By the time you'll be reading this, I should be moved in to my new digs, staring at boxes and boxes and boxes! I mean, you never really realize how many books you own until you have to move them! More on the move next month. (If I survive!)

It's "Movie Month" in **PREVIEWS** this issue, and we're celebrating the comics that inspired movies, and movies that inspired comics... there's plenty of them, too! I've already seen *Captain Marvel* and *Avengers: Endgame*, and I'm most excited about the next big blockbuster coming May 31st (remember, it's May 8th as I write this... TIME MACHINE!). That movie would be *GODZILLA: KING OF THE MONSTERS*!

MOVIE MONTH

I was a big fan of the 2014 Legendary Pictures *GODZILLA*, and seeing him back in action next to new versions of Rodan, Mothra and Ghidora (plus a *dozen* more hinted at in the film's trailer?!) has me giddy and excited, like when I was a kid anxiously waiting for *DESTROY ALL MONSTERS* to start while at the local drive-in, and having to sit through *Scream and Scream Again* (with Vincent Price, Peter Cushing and Christopher Lee) beforehand. I was too young to truly appreciate *S&SA* (which is a weirdo film to begin with), but it had its moments. When it was over, *DAM* began and what can I say? It was worth the wait — this being the greatest kaiju epic my young eyes had ever beheld. I hope that *KOTM* is half as good.

FREE COMIC BOOK DAY
1st Saturday in May - May 4, 2019
www.freecomicbookday.com

And finally, FREE COMIC BOOK DAY just happened, and it looks like it might be the best one yet. From all of the various reports and photos I've seen about the event held on Saturday, May 4th (which was also Star Wars Day), it looks like shops had record turnouts of new and returning customers, and took full advantage of the day-long event to introduce folks to comic books and the world of comic shops... some people visiting a comic shop for the first time.

Next month, we begin the countdown to HALLOWEEN COMIC FEST, and we'll reveal the all-new batch of full-sized comics (and treat-sized mini-comics) that will available for this annual event. Be sure to check out **PREVIEWS** #370 for the new HCF titles, as well as our annual HCF T-Shirt!

Gemstone Announces Overstreet Price Guide to Batman

THE OVERSTREET PRICE GUIDE TO
BATMAN

As part of the worldwide celebration of Batman's 80th anniversary, Gemstone Publishing announced *The Overstreet Price Guide to Batman*. The book will provide a comprehensive look at the Caped Crusader from his introduction in *Detective Comics* #27 to modern entries in his canon.

The Overstreet Price Guide to Batman will feature detailed pricing sections and in-depth historical content on Batman-related comics, vintage toys and action figures, video games, and movie memorabilia. It will contain content on comic strips, original art, trading cards, stamps, radio serials, novelizations, and theme park tie-ins, plus profiles on characters, creators, and many other types of collectibles.

Don-Wan Kihotay: A (Delusional) Star Wars Story

Don-Wan Kihotay, introduced in early *Star Wars* comics, was part of the first story after the film adaptation. His arc began as a librarian obsessed with the Jedi Order who was overwhelmed when the Imperial Security Bureau closed his department.

The Force-sensitive human fashioned himself as Don-Wan Kihotay and answered a call to join Han Solo to defend a farming village on Aduba-3. While protecting the village from attackers, he faced down a giant Sithspawn monster and was later chronicled in the Alliance to Restore the Republic's historical records.

EDGE ESSENTIALS

Pick up these books to learn more about Pat Shand's *Indie Edge* style!

- **Snap Flash Hustle Vol. 1 (FEB191546)**
- **Breathless (JUL181684)**
- **Little Girl (MAY191616)**

Please tell us a bit about yourself!

My name is Pat Shand, and I write comics, novels, films, and plays. I've been writing ever since I was a little kid, so I've always gone to stories as my way to try to understand the world and myself. I work as a freelancer for publishers, and I run my own company Space Between Entertainment, where I produce podcasts and videos and publish graphic novels such as *Prison Witch*, *Afterglow*, *Destiny NY*, and more.

What are your favorite projects you've contributed to over the past decade?

It's hard to pick favorites, because I try to put hard work and heart into everything, but I'll try. Writing. Using Alan Moore's expansive notes to write *Crossed +100* for Avatar Press is an honor I could've never dreamt up. In 2017, I dropped four original Marvel novels in the span of six months from Joe Books — writing those legends and getting the chance to add to that incredible history — was life-changing! And, of course, my creator-owned series is what I'm most passionate about. I've been focusing on my own creations mostly the past three years... all the titles I mentioned above through my own company, *Snap Flash Hustle* (*Vol. 1*/FEB191546) and *Breathless* (JUL181684) from Black Mask, and *Little Girl* (MAY191616) from Devil's Due.

What are you currently working on?

On the freelance side, I'm writing a lot for Avatar Press — *Warrior Nun*, *Stitched*, and some other upcoming titles I can't talk about yet. I have two books launching at American Mythology — *Princess of Venus* and another pulp thriller that hasn't been announced yet. At Devil's Due, I'm co-writing *Mercy Sparx* with creator Josh Blaylock as of issue #13. On the creator-owned side, I've got more coming from Black Mask and, as I'm writing this, my new *Spider-Man* book *Spideyography*, drops from HarperCollins. I'm also trying to put out a podcast and 4-6 videos a week...

What fun titles are you reading?

Everything Terry Moore is doing is incredible — he wrapped up the *Strangers in Paradise XXV* (*Omnibus SC*/FEB191301) revival and is about to start his next joint, *Five Years*... I can't wait for that one! To me, he's the greatest artist to work in our medium, ever. *Paper Girls* (*Vol. 1 DLX HC*/AUG170571) and *The Wicked+The Divine* (*Vol. 1 HC*/FEB160652) are wrapping up this year — two beautiful books like that, ending at the same time?! I don't know if I can take it! *Heathen* (*Vol. 1 TP*/MAY171994) by Natasha Alterici is also great. I read that first volume and said out loud, *"Come on!"* How is she that good at writing *AND* drawing? Come on...

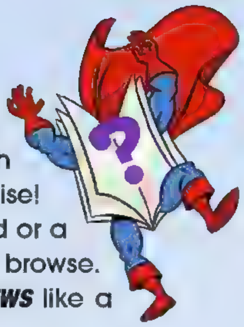
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

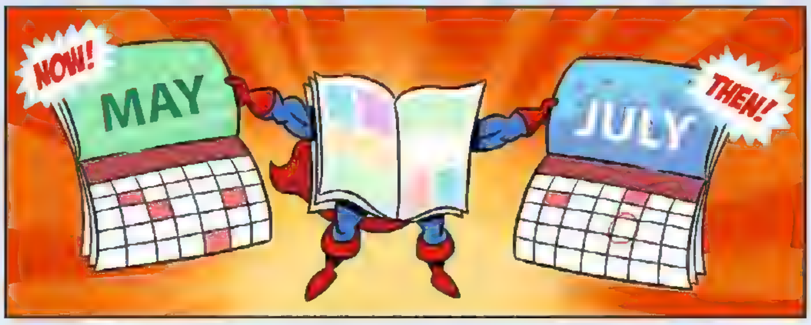
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

June 2019 | Edited By **Allyn Gibson** | editor@*PREVIEWS*world.com

VENOM FACES THE THREAT OF *ABSOLUTE CARNAGE* THIS SUMMER

Cletus Kasady, the serial killer bonded to an alien symbiote known as Carnage, plans to turn New York City streets red with blood and only Carnage's "father" Venom can defeat him in Danny Cates and Ryan Stegman's new series from Marvel Comics, *Absolute Carnage!*

Hunted by other symbiotes, Eddie Brock and his son Dylan are on the run. But Venom is too conspicuous to hide, and Cletus Kasady, the host of Carnage, will draw him out, killing all who stand in his way, especially those who have been bonded to a symbiote – including Spider-Man, Deadpool, and many more! As the chaos of Carnage's assault on the symbiotes heats up and his own son is threatened, Venom will have to take on unexpected and, in some cases, unwilling allies to stop the monster. At stake, the fate of the universe itself as Carnage seeks to resurrect the ancient god Knull and unleash his chaos across the stars!

Cates and Stegman ushered in a new chapter in Venom's history, and they continue their acclaimed collaboration this summer in the four-part *Absolute Carnage!* Cates and Stegman deftly combine character drama with spellbinding action for a series that affects Venom and the entire Spider-Man world!

A war between symbiotes breaks out in the streets of New York this August in Donny Cates and Ryan Stegman's *Absolute Carnage*, and its aftereffects will be felt throughout the Marvel Universe! Don't miss out!

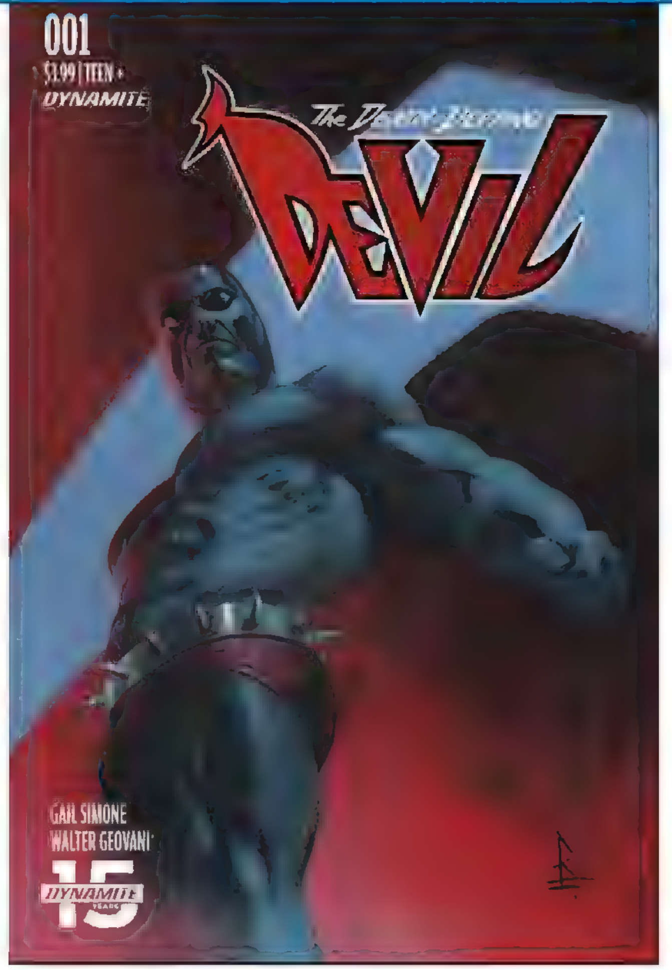
TODD MCFARLANE'S SPAWN REACHES AN HISTORIC MILESTONE THIS AUGUST

In May 1992 Todd McFarlane published what was perhaps the most anticipated book of the Image Comics launch – *Spawn* #1. Al Simmons, a former black ops assassin, was sent to Hell after his death, and somehow he returned to Earth as a cadaver imbued with mystical, but limited, power. This August, *Spawn* reaches its milestone 300th issue, matching the length of Dave Sim's run on *Cerebus* as the longest-running independent comic book in history. To celebrate this milestone, McFarlane and legendary *Spawn* artist Greg Capullo jam pencil the oversized issue, along with special guest artists Jason Shaun Alexander, J. Scott Campbell, and Jerome Opeña, not to mention as contributions from writer Scott Snyder (*Dark Nights: Metal*). A momentous issue in Image Comics and comic book history, *Spawn* #300 ships with ten different covers from each of the artists, as well as parody and black and white versions. *Spawn* #300 is an Image Comics event that no fan will want to miss this August!



GAIL SIMONE RETURNS TO SUPER-HEROES IN DYNAMITE'S *DEATH-DEFYING 'DEVIL*

A rundown house, the home to the unfortunate. A seedy neighborhood, where crime happens out in the open and no one with any authority cares enough to try to stop it. A super-hero who intervenes… and finds himself in over his head. And the residents, who take in a stranger who tried to help and make a stand against the evil outside their door.

This summer, spinning out of the pages of *Project Superpowers*, Gail Simone and Walter Geovani team for a new series starring *The Death-Defying 'Devil* from Dynamite Entertainment. Death doesn't intimidate him, and evil won't stand a chance in this new five-part mini-series!

SWORD AND SORCERY MEETS THE CONCRETE CANYONS IN *BERSERKER UNBOUND*

An ancient warrior, one who lived by his sword and his wits in a time of magic before history began, finds an epic, new adventure in modern times yet every bit as magical in Jeff Lemire and Mike Deodato, Jr.'s new series from Dark Horse Comics, *Berserker Unbound!*

Sent into the future through a wormhole, this warrior must save a modern metropolis from an ancient mage who knows that the warrior is all that stands between him and his desire for power! There will be spells and swordplay, strapping barbarians and evil wizards, not to mention modern skyscrapers and coffee shops on every corner! Classic sword-and-sorcery fiction, like the kind written by Robert E. Howard and Fritz Lieber, gets a modern twist in *Berserker Unbound!*

Studios, *Once and Future!*

An updated adventure story in the vein of Indiana Jones but for the 21st-century, *Once and Future* is filled with magic, mysticism, history, thrills, and personal sacrifice. Teamed with *Klaus* artist Dan Mora, Gillen's *Once and Future* is a unique new book from one of today's most talented and acclaimed writers!

A quiet night with her best friend is anything but when New York City is overrun by cats. But these aren't ordinary cats. These are alien cats called Flerkens, and now Captain Marvel and Spider-Woman have their hands full sending these cats back to where they belong!

Written by Sam Maggs (*The Fangirl's Guide to the Galaxy*) and illustrated by Sweeney Boo, IDW Publishing's *Marvel Action: Captain Marvel* is the perfect book for readers who want to go higher, further, and faster with Captain Marvel by their side!

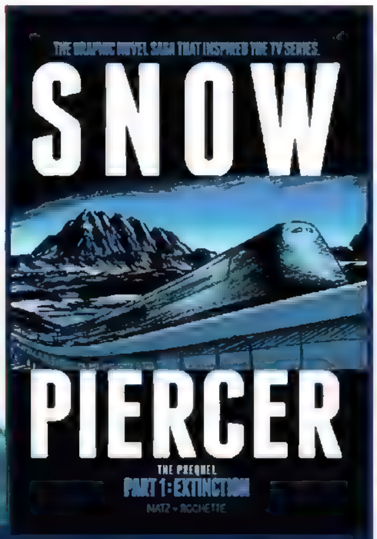
WITNESS THE END OF EVERYTHING IN *SNOWPIERCER: EXTINCTION*!

In ***Snowpiercer***, creators **Jacques Lob** and **Jean-Marc Rochette** introduced readers to a post-apocalyptic world, where humanity's last remnants clung desperately to life on a massive train, separated by carriage and corruption, forever circling the world on an endless track. This seminal sci-fi series inspired an award-winning movie starring **Chris Evans** and **Tilda Swinton**, and a new *Snowpiercer* TV series hits screens later this year on *TNT*!

Now award-winning *Hard Case Crime* writer **Matz** has joined forces with original artist and co-creator **Jean-Marc Rochette** to unleash an all-new prequel: ***Snowpiercer: Extinction***!



ALEXIS 'MATZ' NOLENT

How did you first encounter the *Snowpiercer* series?

Matz I first encountered *Transperceneige* (*Snowpiercer*) pretty much when it came out in the 80s. I still have the first edition!

I've always been a fan of Jacques Lob. I've been reading his work since I was young, when he collaborated with Jijé, Gotlib, Gigi, and then later on with Pichard or Druillet. I paid attention to the names on the covers, even as a kid! He had an amazing career, and a great style. I was quite honored when Rochette asked me to work with him on a new *Snowpiercer* – I felt like I was walking in the footsteps of a giant.

Unfortunately, I never got to meet Lob himself. My first book was published the year he died, in 1990.

> "Lob thought long and hard about human nature, the fate of the Earth, and how to approach it all in a smart and entertaining way."

What's your favorite aspect of the series? The train? The characters?

Matz The original series mixes sci-fi with a touch of poetry, in a way that I really like. The train itself, the titular *Snowpiercer*, is a rather original idea, and the perfect setting for a post-apocalyptic parable. I'm guessing Lob thought long and hard about human nature, the fate of the Earth, and how to approach it all in a smart and entertaining way. The end result was a rather powerful, striking tale.

What can you tell us about the plot of *Snowpiercer: Extinction*?

Matz The story takes place before the original *Snowpiercer* series, which means I get to show you what happens right before the end of the world. It's also a story that new fans can enjoy.

It's a story about a world – our world, really – is on the brink of chaos, and how it plunges straight into annihilation. We have doomsday preppers, eco-terrorists, people trying to save the world, and even others planning on destroying it...

Do you have a favorite scene?

Matz It's hard to pick! Every scene is elevated by Rochette's art – I'm so impressed with his illustrations.

Scriptwise, I'm most proud of the way we build up the tension. I don't want to spoil things, but we have two... let's call them shamans, in this story. The reader will have to decide which they like best.

Jean-Marc Rochette illustrated every *Snowpiercer* book – what was it like working with him?

MJ The fact that Rochette asked me to collaborate with him on *Extinction* with him was hugely important to me. He's the original artist – if it had been someone else, I'm not sure I would have accepted. What I *am* sure of is that the book would have been very different: Rochette knew what he wanted to do from the start. He told me the kind of story he wanted to tell, and we went from there!

Working alongside Rochette gave me the guidance and sense of legitimacy I needed. I wrote a treatment, and then the script, which we worked together closely on. It all went smoothly. We get along really well, and creatively speaking we just clicked: the story he wanted touched on a number of ideas I'd wanted to write for quite some time.

> "Today we seem closer than ever to the breaking point."

The first book was released in 1982. How did you adapt the series to everything that's changed since then?

Matz Actually, I'm not sure the world has changed all that much – Lob was spot on back in the 80s. You can look at books and movies from the 80s, the 70s, and even earlier, and see the same problems we are facing today were already on people's minds. Pollution; the destruction of the planet, our only habitat.

Maybe the difference is that today we seem closer than ever to the breaking point.We've never done enough to really change anything, and I don't think we will until it's too late.

Do you have any messages for fans of *Snowpiercer*?

Matz Yes! Take a good look at Rochette's pages, because they truly are quite amazing. I hope that they will enjoy this new cycle as much as the previous ones.

OPHIUCHUS is the story of the lone sentry of an ancient, inactive gate. One day, a strange being breaks through and infects her with a virus. Perhaps longer.

Or wherever this gate may lead.
I'm sure it's some place fantastic.

Though they understand my task about as well as I do.
Even still.... I know it is of great import.

Wedding Outfit

Mario in a tuxedo. Even the bow tie had several proposed designs before we settled on the final red version that appeared in-game.

Designs

Character Turnaround

DESIGNER'S NOTE

"Wedding" was one of the themes in this game, so we made this image with the intent that it would end up in the key visual with Peach and Bowser all in wedding attire. We went for a simple yet formal design, a wedding outfit we thought Mario might pick out. We thought of making it more casual so as not to seem out of place as Mario performs his acrobatics, but we figured a sharper look would fit better alongside Peach. Ultimately, we went in that direction. When you think of weddings, you think "white." We went with that image but changed up the material and hue in different parts to give the scene some extravagance. Mario's trademark hat and overalls are nowhere to be found, but I still think we captured his spirit in this outfit.

THE MIGHTY ELVIS: A GRAPHIC BIOGRAPHY

writer **Seymour Chwast, Steven Brower**

artist/cover **Seymour Chwast**

Revel in this commemoration of Elvis' life in the form of a large-format art book told through the unique vision of legendary graphic novelist, designer and illustrator **Seymour Chwast**. Beautifully illustrated throughout, it presents an enhanced portrait of one of America's greatest celebrities.

Spearheading a new music form that, combined with an attitude and a look, would change the world, Elvis Presley became one of the most important cultural figures of the second half of the 20th century.

With text by author **Steven Brower** (*Satchmo: The Life and Art of Louis Armstrong*), *The Mighty Elvis* reminds us of the continuing stardom of one of the most popular American singers of all time. Through Chwast's illustrations, cartoons, and comics we get to relive his early life, his meteoric rise to fame, and how he was affected by, and in turn affected, the world of music in the many genres he mastered. The book covers his first appearances on television, Graceland, his meeting with President Nixon, his wedding to Priscilla, his inspiration from Captain Marvel, Jr., and much more! Millions of fans loved him, purchased his records, attended his sold out shows and went to his thirty-three films. Death, forty years ago, has not diminished his fame. Elvis lives!

America's Spunkiest Kid Shot! Bludgeoned! Firebombed!

LITTLE ORPHAN ANNIE ® AND © 2019 TRIBUNE CONTENT AGENCY, LLC. ALL RIGHTS RESERVED.

Annie might feel as if she's between a hammer and an anvil, but those are the only menaces she avoids during the early 1950s! In less than two years of stories, the little orphan gets run over by a car, shot with a pistol, whacked with a bludgeon, firebombed in her bed, shoved in a gunny sack, caught in a tornado, flung overboard in a raging storm, and thrown alive into an underground cemetery vault. Meanwhile, "Daddy" Warbucks, Punjab, and the Asp are a thousand miles away, with no clue to the whereabouts of America's spunkiest kid.

"Here Today, Gone Tomorrow" reprints all daily and color Sunday strips from October 29, 1951 through July 5, 1953. Included are five stories replete with greed and murder, atomic boats, blackmailers, poisoners, and deadly mutineers—yet also filled with good Samaritans and friendship from the most unexpected quarter, while also posing the question: can romance survive in a town called Futility?

BOOK TWO: 1917-1918

© FUTUROPOLIS, PARIS, 2019

Get swept up in this historical graphic novel trilogy rich in great events and human tragedies from the First World War, the Russian Revolution, the Popular Front, and the Spanish Civil War.

In this tour-de-force from award winning writer/artist **Jean-Pierre Gibrat**, the honor and glory sought in the Great War (seen in Book One of this series) have become mutilated and blurred memories. The October Revolution in Russia exudes hope in the hearts of the oppressed and draws in Mattéo, the son of a Spanish anarchist. But first he stops in Collioure to visit his mother. That same evening he sees his beloved Juliet for a brief but memorable moment, and the next day, with his father's friend Gervasio, Mattéo departs for Petrograd with camera in hand to document the advent of the more just and honorable world of his ideals. But once there, he learns that those ideals may very well become victim of the disputes and differences between the various factions leading the revolution.

The Winslow House is in shambles, but people call it home. It is a place for people who have almost nothing but are trying to make a life for themselves. It is also in a bad neighborhood, and no one will stop criminals from tormenting the residents…until The Death-Defying 'Devil shows up!

But when the 'Devil tries to step in and protect the innocent, things take a turn for the worse and he finds himself trapped inside the house, being taken care of by the same people he was trying to save.

GAIL SIMONE (Birds of Prey, Wonder Woman) and WALTER GEOVANI (Red Sonja, Clean Room) present the story of The Death-Defying 'Devil and a group of neighbors who will do what it takes to keep their home, and each other, safe!

GAIL SIMONE & WALTER GEOVANI DISCUSS JUMPING INTO ACTION

Gail, you've described this series as taking some inspiration from The Twilight Zone. How would you explain this unexpected parallel to fans?

GAIL: I wanted to put him in a weird setting. Basically, the 'Devil gets the living crap kicked out of him and ends up in a boarding house where everyone is living in a bizarre singularity, a very Rod Serling-esque existence. And there's some question over whether he is actually perceiving things as they really are. Meanwhile, there's an enemy who wants to punish him and the tenants of this building. It's a bit Twilight Zone, but also a bit Assault on Precinct 13. If the tenants leave the house, they're targeted for death - and they have only the 'Devil to protect them.

You two have worked together on several projects now, with Red Sonja, Clean Room and Red Sonja/Tarzan. What's it like reuniting once more and what makes your collaboration so strong?

GAIL: I can't really explain it, I've worked with hundreds of fabulous, sometimes legendary artists. But there are some, and I'm sure this is true for most writers, where the bond is just inexplicably right. With Walter, I never for one moment worry about what I put on the page being difficult to convey, because I know he will bring it. He can draw a double page spread of Red Sonja riding a warhorse into battle against an army of monsters, or he can draw a scene where she is quietly lonely, with no dialogue, and it will all feel exactly right. One of the reasons I wanted to do this book was to work with Walter again, but also because I love his superhero art and I know how much he wants to draw in that genre. I seriously hope to be working with him forever, he's amazing.

WALTER: It´s great to be working with Gail again. Since the beginning, it was easy and fun to work with her and somehow she knows what I like to draw. It´s amazing how she creates supporting characters that are so fun. Many times I end up liking to draw them more than the main character. When I read her scripts, the images come easily to my mind. I don´t spend too much time figuring out how to draw scenes or characters.

Walter, how would you describe your artistic approach to the 'Devil and this series?

WALTER: This is the first time I've drawn a true superhero comic and I´m happy to start with a character like the 'Devil. He doesn´t have normal superpowers, just his body and boomerangs. He moves fast and he´s an acrobat, but at the same time he´s very serious. On the other hand, there are these ordinary people acting in quiet scenes. What I´m trying to do is draw very realistically in the dramatic scenes and draw the most dynamic scenes when the 'Devil is in action.

Interestingly, there is actually a connection between this series and one of your most recent works, Gail. Some fans may not know that the Golden Age Daredevil as we know him was revamped by Plastic Man creator Jack Cole. Do you feel any pride or responsibility when handling these long lasting characters in comics?

GAIL: I try never to punk out any characters I didn't create. When you are dealing with characters touched by a genius like Jack Cole, it elevates the desire to do right by both the character and the artist. In a slightly different timeline, this character could be as big as Batman or Spider-Man. He outsold almost all the big Golden Age greats in his heyday, with a monthly circulation in the millions. I want to present them as if their popularity had never been interfered with by market or creative changes. When I write, say, Tarzan, I want to tap into that time where he was the most popular adventure character in the world. I don't want these things to feel pedestrian, or rote. With the Death-Defying 'Devil, we have a very early and powerful archetype, to me he feels like that perfect interface between late pulp and early comic book eras. Like he has a foot in both domains. Before the cute kid sidekicks, he was a Golden Age version of our current street-level vigilantes. But we have a LOT of characters like that now. My approach is to invest in him emotionally, to treat him as an event character. No one ever wants to do less than their best, but the stakes are HIGH when you have a creative legacy like that!

Mostly, I'm enjoying the character's taciturn nature. I'm probably best known for my dialogue, but in this case, I have to find other ways to make him stand out. I think we're accomplishing that, and I'm very grateful to Dynamite for choosing me to work on this classic character, the Death-Defying 'Devil! I swear, I have the best job!

This is going to hurt! In a world where costumed heroes soar through the sky and masked vigilantes prowl the night, someone's got to make sure the "supes" don't get out of line. And someone will!

Billy Butcher, Wee Hughie, Mother's Milk, The Frenchman, and The Female are The Boys: A CIA-backed team of very dangerous people, each one dedicated to the struggle against the most dangerous force on Earth - superpower! Some superheroes have to be watched. Some have to be controlled. And some of them - sometimes - need to be taken out of the picture. That's when you call in The Boys!

In The Boys, Vol. 3: Good for the Soul, everyone has something to get off their chest: Frenchie and the Female are up to something nasty with the Mafia, Mother's Milk goes to see his mom, Annie January wants a word with God himself, and Butcher enjoys yet another ghastly tryst with CIA Director Rayner. The Legend, meanwhile, offers to tell Hughie everything he wants to know about The Boys - all Hughie has to do is take a walk with the dead.

In the fourth Dynamite collection, "We Gotta Go Now," all is not well with mysterious millionaire John Godolkin's band of misfits. Silver Kincaid, one of the original G-Men, has just committed suicide in the most public and grotesque way imaginable. That's not good news for Vought-American's number one franchise, with G-Force, G-Coast, G-Style, G-Wiz, the G-Brits and the G-Nomads all depending on their slice of the G-pie. There's far too much at stake for anyone to go poking around the G-Mansion now. Who knows what dirty secrets might be waiting down there in the dark?

NEW SERIES STREAMING ON PRIME 7/26!

Get excited for Prime's new series based on GARTH ENNIS' and DARICK ROBERTSON'S The Boys with this new Edition of Dynamite Omnibus Volume 3, featuring a photo cover from the series. Includes both volumes 5 & 6 of this acclaimed series in one volume.

An evil so profound it threatens all mankind! The mightiest heroes on the planet uniting to defend us all! A secret crisis of such utter finality that a countdown to civil or infinite war seems unavoidable! But have you ever wondered what really happens during Crossovers? The Seven, Payback, Teenage Kix, Fantastico, and every other superhero on Earth team up for an annual event like no other - and where the superheroes go, can a certain "five complications and a dog" be far behind? But as the fun and games begin, it seems our heroes have set their sights on bigger game than usual.

You can only maim and murder so many superheroes before someone decides to do something about it, and in The Boys' case that means Payback - a superteam of unimaginable power, second only to the mighty Seven. Pulping teenage supes is one thing, but how will our heroes fare against Soldier Boy, Mind-Droid, Swatto, the Crimson Countess, and the Nazi juggernaut known as Stormfront? Blood flies and bones shatter, as Butcher and company meet fire with fire.

In Nashville, Tennessee lives a man, a recluse, a curmudgeonly highfalutin cartoonist-type who, as a young child, had a penchant for drawing and making up tall tales. It was at the tender age of 18 he turned his back on a promising career in adult film cinematography and followed his heart into the unrewarding comic book industry. Out of desperation, Eric kept drawing, painting, and then creating his own characters and worlds culminating with the beloved series, *The Goon*.

The Art (and Many Other Mistakes) of Eric Powell sheds light on the deliberate and painstaking process of becoming a world-renowned comic book creator as recalled by the artist and a few of his delinquent friends. This extensive art book spotlights never-before-seen childhood drawings, early superhero test pages, film poster art, and the establishment of Powell's homegrown publishing house Albatross (Exploding) Funnybooks. It's also very funny.

MY FRIEND DAHMER GN (MOVIE EDITION)

(W/A) Derf Backderf (CA) Photo

You only think you know this story. In 1991, Jeffrey Dahmer, the most notorious serial killer since Jack the Ripper, seared himself into the American consciousness. To the public, Dahmer was a monster who committed unthinkable atrocities. To Derf Backderf, Dahmer was a much more complex figure: a high school friend with whom he had shared classrooms, hallways, and car rides. In *My Friend Dahmer*, writer-artist Backderf creates a surprisingly sympathetic portrait of a disturbed young man struggling against the morbid urges emanating from the deep recesses of his psyche-a shy kid, a teenage alcoholic, and a goofball who never quite fit in with his classmates. What emerges is a Jeffrey Dahmer that few ever really knew, and readers will never forget. (STL067809)

SHAZAM: THE GOLDEN AGE OF THE WORLD'S MIGHTEST MORTAL SC

(W) Chip Kidd (A) Various

The World's Mightiest Mortal made his debut in *Whiz Comics* in 1940, and outsold his biggest competitor, Superman, by 14 million copies a month. It wasn't long before a variety of merchandise was licensed and a fan club was created to keep up with the demand. These collectibles now sell for outrageous prices on eBay and in comic book stores and conventions. Seventy years later, an unprecedented assortment of these artifacts are gathered together by award-winning writer/designer Chip Kidd and photographer Geo Spear. Join Kidd, Spear, and the World's Mightiest Mortal in this first, fully authorized celebration of ephemera, artwork, and rare, one-of-a-kind toys, and recapture the magic that was the power of SHAZAM! YOU ARE MY FRIEND: THE STORY OF MISTER ROGERS AND HIS NEIGHBORHOOD HC

(W) Aimee Reid (A/CA) Matt Phelan

Mister Rogers is one of the most beloved television personalities, but before he was the man who brought us *Mister Rogers' Neighborhood*, he was just little Freddie Rogers. Though he was often sick and had trouble making friends as a child, his mom and grandfather encouraged him to ask for help and explore the world. With their support, he learned how to better say what he was feeling and see the beauty around him. As he grew up, he realized he could spread the message of compassion, equality, and kindness through television. *You Are My Friend* is a gentle homage to Fred Rogers and shows how his simple message still resonates with us today. In a not-too-distant future, artificial intelligence has spawned a race of robots that serve all of humanity. Robots are considered second class citizens, but a few in the A.I. community are fighting back in a constant struggle for equal rights.

When a debilitating virus called "Rust" threatens all artificial life, salvation lies in the most unlikely of robotic heroes—not a warrior or a solider, but an obsolete construction worker and a dedicated caregiver. Together, HALE-19 and AMBER-7T embark on a perilous journey in search of a cure that could potentially change the balance of power on Earth forever.

From writer Ryan Parrott (*Saban's Go Go Power Rangers, OBERON, Star Trek, Batman: Gates of Gotham*) and new artist sensations Omar Francia (*Star Wars, Mass Effect*) and Marco Itri (*Grimm Fairy Tales*) comes an epic quest into a dazzling future world told through the lens of AfterShock Comics! Volume one contains issues #1-6.

WHAT'S YOUR FAVORITE THING ABOUT *ZORRO*?

ON AUGUST 19TH 2019, ZORRO TURNS 100 YEARS OLD!

Created in 1919 by Johnston McCulley for his serialized work "The Curse of Capistrano," Zorro has stood the test of time, inspiring heroes and crime fighters in film, television and comics for generations. In honor of this historic anniversary, we've asked some of the creators who know and love him best what their favorite thing about the classic character is...

WALT DISNEY'S
ZORRO
ZORRO KEEPS A MYSTERIOUS MEETING TO DISCOVER "GARCIA'S SECRET!"
the Mark of Zorro
100 YEARS OF THE MASKED AVENGER

"There are reasons so many people have embraced one of fiction's first masked avengers for 100 years. When I first started working with Mike Mayhew on the **Zorro** *comic strip; Mike had little exposure to the character, and he had heard of the filmic connection with Batman. I explained to Mike that while the creators of Batman may have been influenced by Zorro, the characters are almost extreme opposites. Yes, both often strike at their enemies during the dark hours, but unlike Batman, Zorro is no grim harbinger of retribution and death. Everything about Zorro is embraced with that letter "Z" that he carves with daredevil recklessness into his opponents. The "Z" reflects his zest for life. And for justice. There is often that telltale, singular, spectacular smile when he goes into action... Zorro knows he is doing the right thing for the right reasons. And he moves with poetic power, with the grace and skill of an Olympic gymnast trained to showcase the beauty and strength of the human body. And the kindness and compassion of a roguish spirit."*
—Don McGregor, Writer

"Zorro is timeless. I could picture him in the past fighting Dinosaurs and in the present standing in his iconic pose on top of a modern building. He could be anybody, but he is without equal. The dark flowy costume and cape only makes him more exciting."
—Roy Allan Martinez, Artist

"Particularly in this age of grimdark heroes, my favorite thing about Zorro is this: he fights injustice with joy and laughter. Some of that laughter is the bravado of a man facing death... but Don Diego is genuinely full of mirth and charm and wit and doesn't give in to despair. He knows it is his privilege, as a man of wealth and power, to stand up for the oppressed... and unlike some other 'dark avengers...' he doesn't whine about this responsibility. It is not a burden. He loves it."
—David Avallone, Writer

"Over the past one hundred years, there have been many iterations of the character of Zorro, but my favorite is the Don Diego de la Vega/Zorro who we met in the first novel, "The Curse of Capistrano." Don Diego de la Vega is an aristocrat, but he's far from the suave, swaggering playboy who also happens to be a masked avenger. I always found it comforting and reassuring that even though Don Diego isn't one of "us," he fights for all of us. Wealth and affluence have not affected his morality, but rather opened his eyes to the corruption and evil that saturates the halls of government, the church, and the hearts of rich men, and it's his constant badgering and confounding of those in power that I enjoy so much."
—Mike Wolfer, Writer, Artist

"I have been a fan of Zorro since watching Guy Williams swashbuckle his way through each episode of the old Disney TV show as a kid (the title tune still reverberates though my brain!). The Fox was a defender of those unable to stand up for themselves. A true hero, of which we have so few lately. With a smile worthy of Douglas Fairbanks Sr. (who also played Zorro), he'd leave behind the sign of the "Z" for all evil to beware!"
—Neil Vokes, Artist

"Zorro is the blue print for so many characters, you have to respect the original. This guy first hit the scene 100 years ago — that's a one with two zeros years ago! And we're still loving it! He'll save your village, get back your gold, blow up the old mine, jump off the train, steal the hearts of your women, and carve a big "Z" into the bad guy's chest, while grinning at you the whole time! He's a sword fighting, horse riding, fist flying, Batman, James Bond, and Indiana Jones all rolled into one! Whew! AND... he's got the best damn hat in the biz!"
—S.A. Check, Writer, Novelist

You can catch Zorro in American Mythology's ***ZORRO: RISE OF THE OLD GODS*** *(see page #) and, releasing in October,* ***THE MARK OF ZORRO: 100 YEARS OF THE MASKED AVENGER*** *(MAY191343, MAY191344).*

WARRIOR NUN: DORA #1

FI

Cover & Art: Daniel Gete - Writer: Pat Shand
Color, 48 pages

About: Warrior Nun, now a Netflix original series, relaunches this summer for readers of all kinds with a new Nun and new attitude! The Satanic Panic of the 80s has fallen away to a new wave of rebellious kids in rural Pennsylvania in the 1990s. Dora, a grunge-obsessed teen, is caught in the middle of what appears to be a dark ritual, and is sent away to a secret school by her devoutly religious parents. There, Dora is shocked to find a group of nuns that fight against the forces of evil – but when undead horror comes Dora's way, what will this misfit do to protect herself? Each issue has a full-length chapter of Dora, then also has a special look into the vaults to celebrate over twenty years of Warrior Nun with ultra-rare stories and art! Looking for the next big thing? Have faith in Warrior Nun!

Regular and Wraparound covers by series artist Daniel Gete and featuring covers showcasing all-new Warrior Nuns through the ages that weave into the tapestry of this sacred order. Timeless and Battle Ready by Christian Zanier, Unleashed and Middle Ages by Renato Camilo, Viking Age and World War II by Nahuel Lopez, Feudal Japan and Napoleonic Era by Gabriel Andrade, Victorian Era by Emiliano Urdinola and a special Crimson Nun Leather by Brian Denham!

LUCKY LUKE: THE COMPLETE COLLECTION VOLUME 2 HC

(W) Rene Goscinny (A/CA) Morris

After the heavily cartoon-and slapstick cinema-inspired first adventures, Morris turned towards the tradition of Westerns to flesh out his hero's world. In Under a Western Sky, Lucky Luke versus Pat Poker and Outlaws there is a lot of Hollywood and John Ford, and while Luke hasn't quite settled into his current look, he's certainly closer to the phlegmatic cowboy we know and love. Outlaws also marks the first appearance of the Daltons; the historical Dalton brothers here, who will later return as their decidedly stupider cousins. Throw in 48 pages of extra material on Morris's experience in the United States, and this is a book you won't want to miss. (STL126016) (C: 0-1-1)

MARY BLAIR'S UNIQUE FLAIR HC

(W) Amy Novesky (A) Brittney Lee

Young Mary Browne Robinson loved color, even her name had a color in it. All she wanted to do was to make art. But becoming an artist wasn't an easy. Her parents worked hard to provide her paper and paints, and Mary worked hard to enter contests and earn a spot at a school for the arts. She even had to work hard to find her place at the Walt Disney Studios. But Walt was easily impressed by Mary Blair. When she joined his trip to South America, Mary had never seen such color. She collected that color and used it in her concept art for *Cinderella*, *Alice in Wonderland*, and *Peter Pan*, and even the It's a Small World attraction at Disneyland. In spring 2019 D+Q begins a landmark reissue series of Lulu's suburban hijinks: she goes on picnics, babysits, and attempts to break into the boys' clubhouse again and again. Cartoonist John Stanley's expert timing and constant gags made these stories unbelievably enjoyable, ensuring that Marge's *Little Lulu* was a defining comic of the post-war period. Lulu's assertiveness, individuality, and creativity is empowering to witness; the series is powerfully feminist despite the decades in which the stories were created. (STL119879) (C: 0-1-2)

It flashes back, first to satirize the dot-com boom of the late 1990s and then to examine the camaraderie of playing first-person shooter video games with work colleagues, to ponder what the passage of time feels like to geologists or productivity gurus. *The River at Night* is a modern formalist masterpiece as empathetic, inventive, and funny as anything ever written. O/A FIELDER

(W/A/CA) Kevin Huizenga

Fielder is the new series by Kevin Huizenga, author of the classic *Ganges* series of over-sized comics, featuring four new stories by the multi-Ignatz winning, Eisner, and Harvey nominated cartoonist. Reminiscent of current one-man anthologies like Sammy Markham's *Crickets* and Adrian Tomine's *Optic Nerve*, this new "comics magazine" will center on Huizenga's character, Glenn Ganges, in different genre-bending roles. This issue will feature the first chapter of the new graphic novel, "Fielder, Michiana," as well as a continuation of Huizenga's dinosaur adventure comic, "Bona," and some of his short "Viral Webcomics" series. GLORIANA HC

(W/A/CA) Kevin Huizenga

Kevin Huizenga exposes the mechanics that underpin everyday life. His protagonist, Glenn Ganges, has conversations about dish soap and library visits that are both faithful depictions of the mundane interactions we all have and so much more: existential dissections of the units that construct our lives. Huizenga has an understated, quiet approach to story writing that allows his characters (and his readers) the self-awareness to recognize the humor and tragedy of every moment. (STK458113)

MOOMIN: THE COMPLETE LARS JANSSON COMIC STRIP VOLUME 10 HC

(W/A/CA) Lars Jansson

Moomin: The Complete Lars Jansson Comic Strip Volume 10 welcomes readers back to the beloved world of Moominvalley, where pancakes and jam are a perfectly acceptable supper and wealthy aunts can be altogether too fierce to handle. The tenth volume of Tove and Lars Jansson's classic comic strip features the macabre and hilarious "Moomin and the Vampire" and "The Underdeveloped Moomins" story. Together, the four stories in this collection display the poignancy, whimsy, and philosophical bent that constitute the Moomins' enduring appeal. (STK678932)

SABRINA HC

(W/A/CA) Drnaso, Nick

Nominated for the Man Booker Prize! When Sabrina disappears, an airman in the U.S. Air Force is drawn into a web of suppositions, wild theories, and outright lies. The follow-up to Nick Drnaso's *LA Times* Book Prize-winning *Beverly*, *Sabrina* depicts a modern world devoid of personal interaction and responsibility, where relationships are stripped of intimacy through glowing computer screens. An indictment of our modern state, Drnaso contemplates the dangers of a fake news climate. (STL079460)

Tove Jansson's *Moomin* stories made her one of the most beloved Scandinavian authors of the 20th-century. Jansson's whimsical tales of Moominvalley resonate with children for their light-hearted spirit, and with adults for their incisive commentary on the banality of everyday life. Drawn & Quarterly celebrates the centenary of Jansson's birth with *Moomin: The Deluxe Anniversary Edition*, a slipcased, hardcover collection of the complete Tove Jansson-penned *Moomin* comic strip, replete with all of her most popular storylines and original pencil sketches. WILSON TP

(W/A/CA) Daniel Clowes

This new paperback edition of Daniel Clowes' modern classic celebrates the Alexander Payne-produced film version starring Woody Harrelson and Laura Dern. One of the leading cartoonists of our time creates a thoroughly engaging, complex, and fascinating portrait of the modern egoist-outspoken and oblivious to the world around him. Working in a single-page-gag format and drawing in a spectrum of styles, the cartoonist of *Ghost World*, *Ice Haven*, and *The Death-Ray* gives us his funniest and most deeply affecting novel to date. Scott Camil grew up in the 1960s wanting to fight for his country. After graduation, Camil joins the Marines and is sent to Vietnam. Little Gedalia wears the coat all year, but when it gets too tight for him, it's given to his sister. Thus begins the journey of the coat, as it's passed down from child to child, falling apart bit by bit during their play until it's in tatters. Deja and Josiah are seasonal best friends. Every autumn, they've worked together at the best pumpkin patch in the whole wide world. Josiah's ready to spend the whole night feeling melancholy about it. Deja isn't ready to let him. The classic masterpiece by #1 *New York Times* best-selling author Stephen King, illustrated by the legendary artist Bernie Wrightson! The first scream came from the snowbound railwayman who felt the werewolf's fangs ripping at his throat. The next month there was a scream of ecstatic agony from the woman attacked in her cozy bedroom. Now scenes of unbelievable horror unfold each time the full moon shines on the isolated Maine town of Tarker's Mills. No one knows who will be attacked next. But one thing is sure. When the full moon rises, a paralyzing fear sweeps through Tarker's Mills. For snarls that sound like human words can be heard whining through the wind. And all around are the footprints of a monster whose hunger cannot be sated! (STL124731) (C: 0-1-0)

Remember From Where the Ideas Came!

YOU'LL BELIEVE A MAN CAN FLY

As I type these words, *The Overstreet Comic Book Price Guide* #49 goes to press in three days and everyone's still buzzing about the huge success of *Avengers: Endgame*. As you're reading them, we're still weeks away from the *Guide*'s Wednesday, July 17 release.

I can't even imagine where *Endgame* will finally end up by the time the June *PREVIEWS* is in your hands. Its incredible success brings to mind a recent conversation with one of our Overstreet Advisors.

He said he hadn't seen a couple of the newer comic-based TV series. Even 10 years ago, that would have been practically unthinkable for a comic book fan, but today there are just so many choices! From broadcast networks to cable channels to streaming services, it seems like everyone's got a comic-inspired show. DC has its own streaming service, and Marvel will be part of Disney's, which launches this fall.

Of course you can go clear back to the days of movie serials to find Superman, Batman, Captain Marvel (today's Shazam), Captain America, Green Hornet and so many others. Traditionally, these were aimed at kids, as were the plentiful Saturday morning cartoons of the 1960s and 1970s.

Then came *Superman*. Released in December 1978, its tagline was "You'll believe a man can fly!" and audiences did. A little over 10 years later, on June 23, 1989, *Batman* debuted and audiences again went wild. The decade that followed saw significant successes for *Batman: The Animated Series* and *The X-Men* on Saturday mornings, which by 2000 spawned the successful *X-Men* series of movies.

Marvel parlayed the *X-Men* series into a better position for Sony's *Spider-Man* films, and their success in turn helped foster the last decade of incredible MCU movies from Marvel Studios. At the same time, almost every night of the week has a different DC show on broadcast TV.

Now these movies and shows are aimed at everyone! The general population is seeing what we've known all along. Just don't forget where Hollywood is getting all of these great ideas: Comics!

MOONBOUND: APOLLO 11 AND THE DREAM OF SPACEFLIGHT GN

(W/A) Jonathan Fetter-Vorm

The story of space has always been about the conflict of imagination versus reality, of dreams versus politics. On July 20, 1969, something extraordinary happened, something civilizations had dreamed of for centuries: humans walked on the moon. Jonathan Fetter-Vorm's *Moonbound* is the story behind those first steps. It begins with the tense descent of the spidery Lunar Module, which transported Neil Armstrong and Buzz Aldrin to the surface of the moon. Then the story splits to an examination of the history of man's fascination with space, from the earliest observers of the moon to the modern era. The narrative returns to July 20, 1969, the moment when our heroes made their historic moon walk, and finally moves on to present and future. With a foreword by Michael Collins and publishing in time for the fiftieth anniversary of the moon landing, *Moonbound* revisits this classic story in a new way, as a graphic history. YOU DIED: TALES OF THE AFTERLIFE GN

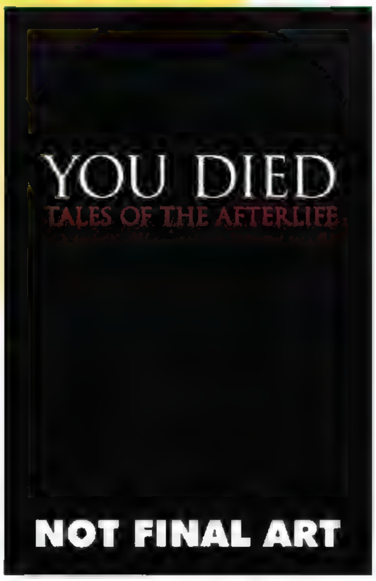
(W) Spike, C. Trotman, Various
(A) Various



What happens when we die? Iron Circus Comics' first full-color general audience anthology recruits a line-up of small press comics newbloods and all-stars to tell us their fantasies, fears, hopes and suspicions about The Great Beyond. Death is, truly, the one thing we all have in common, but none of us can agree on what exactly happens after it comes for us. This latest Iron Circus Comics anthology, at turns both brazen and insightful, morose and optimistic, asks a line-up of cartoonists both new and experience to relate their favorite and unforgettable stories, myths, hopes and suspicions about death. RED RANGE: PIRATES OF FIREWORLD #1

(W) Keith Lansdale (A/CA) Jok

Keith Lansdale unleashes his imagination on the historical and somewhat steampunk world his father Joe R. Lansdale and the late Sam Glanzman created back in 1999. Caleb Range (aka, The Red Mask), and his young companion Turon, find themselves under the surface of the Earth, in a place that seems lost in time. They are quickly confronted by a group of steampunk pirates in hot pursuit of a strange fellow who can only speak one name over and over again... Seetoc! Oh, and did we mention there are dinosaurs, lots and lots of dinosaurs! (STL125277)

When 17-year-old Hazel takes a summer job clearing ivy from the forest in Portland, Oregon, the only plan is to earn some extra cash to put toward concert tickets. Homeschooled, affluent, and sheltered, Hazel soon finds that working side by side with at-risk teens leaves no room for comforting illusions of equality and understanding. This uncomfortable and compelling memoir is an important story of a teen's awakening to the racial insularity of the upper class, the power of white privilege, and the hidden history of segregation in Portland.

A NOTE FROM THE AUTHOR

Dear Reader,

This book is about a pivotal summer in my life. It poked a hole in my familiar bubbles and complicated my understanding of the world. It was a multi-car pileup of race, class, gender, and teen hormones. I started working on *No Ivy League* five years after the events that inspired it. Now, as I finish the book, it's been a decade. I thought I started out with a complete and mature understanding of my past. It's incredible, believing over and over again that you've figured things out—only to stumble on new ways your place in society shields you from the truth. I didn't really know anything. Maybe I still don't.

How true-to-life is this memoir? All the characters' names have been changed aside from my own. Most of the dialog isn't remembered word-for-word, except in the most emotionally searing moments, which I remember clearly and I've tried to convey accurately. I wish that I could fully know and paint a picture of the experiences of my friends, my coworkers, and my parents—everyone who's been transmuted into a character in my own coming-of-age narrative. But I won't pretend that I can. Taking the reader into the feelings I was grappling with is the truest way I can tell the story.

It was a hard summer. In many ways it destroyed my image of myself as a fundamentally "good," "well-liked" person, but grappling with those experiences has helped me become the somewhat better person I am today. It's intimidating to publish a story about my younger self doing and saying so many profoundly embarrassing and regrettable things, but I hope that it helps those who see their own shame reflected in mine resolve to move forward with compassion.

Sincerely,

Hazel Newlevant

ALBERT EINSTEIN: THE POETRY OF REAL HC

(W) Manuel Garcia Iglesias
(A) Marwan Kahil
When he's five years old, Albert Einstein's father offers him a compass that triggers in him an irrepressible need to understand the laws of the universe. At first a simple employee of the Swiss Patent Office in Bern, the young Einstein published in 1905 a series of scientific articles that question everything that was thought to be known in the world of physics. His theory, summed up by the formula E = mc2, opens to humanity the doors of the power of the atom. Legendary Genius, but also a great humanist, he lives through the first half of the 20th century, with all its horrors and contradictions, in the service of science, but distraught by what man's madness is capable of doing with it. GHETTO BROTHER: WARRIOR TO PEACEMAKER GN

(W/A) Julian Voloj, Claudia Ahlering
This graphic novel tells the true story of Benjy Melendez, a Bronx legend, son of Puerto-Rican immigrants, who founded, at the end of the 1960s, the notorious Ghetto Brothers gang. From the ravages of his neighborhood, wracked by drugs, poverty, and violence, he managed to extract an incredibly positive energy from this riot ridden era: his multiracial gang promoted peace rather than violence. After initiating a gang truce, the Ghetto Brothers held weekly concerts on the streets or in abandoned buildings, which fostered the emergence of hip-hop. Melendez also began to reclaim his Jewish roots after learning about his family's dramatic crypto-Jewish background. (STK667661)

The life of the great French painter, one of the founders of Impressionism, is narrated in lush comic art reminiscent of his style. From the Salon des Refuses ("Salon of the Rejected") and many struggling years without recognition, money and yet a family to raise, all the way to great success, critically and financially, Monet pursued insistently one vision: catching the light in painting, refusing to compromise on this ethereal pursuit. It cost him dearly but he was a beacon for his contemporaries. We discover in this comics biography how he came to this vision as well as his turbulent life pursuing it. (STL058694)

PHILIP K. DICK: A COMICS BIOGRAPHY HC

(W) Laurent Queyssi, Mauro Marchesi
One of the greatest writers in SF history, Philip K. Dick is mostly remembered for movies based on his works such as *Blade Runner*, *Minority Report*, and *Total Recall*. His dark fascinating work centered on alternate universes and shifting realities in worlds often governed by monopolistic corporations and authoritarian governments. His own life story seems a tussle with reality, going through five wives and becoming increasingly disjointed with fits of paranoia and hallucinations fueled by abuse of drugs meant to stabilize him. His dramatic story is presented unvarnished in this comics biography. (STL104212)

KINGDOM GN

(W/A) Jon McNaught
Kingdom forges a story in the parts of a vacation we like to forget: the arguments, the poor weather, the moments of quiet solitude. A family sets off for a long weekend at a campground next to the ocean. We follow them through the familiar landscapes of a summer break: gas stations, windswept cliffs, dilapidated museums, and tourist giftshops. Richly illustrated and sparsely worded, Kingdom explores the rhythms of nature, the passing of time, and the beauty and boredom of a summer holiday. (STL125251) (C: 1-1-0) **NOTE:** This item may be available through other retail outlets before shipping to comic book specialty shops. **NOTE:** Available only in the United States, Canada, and U.S. Territories.

MORNING IN AMERICA

MAGDALENE VISAGGIO (W) **CLAUDIA AGUIRRE** (A/C/CA)

Created by powerhouse team Magdalene Visaggio (*Eternity Girl*) and Claudia Aguirre (*Kim & Kim*), *Morning in America* follows the Sick Sisters, a group of friends and small-time delinquents who may be the only people standing between their suffocatingly small town and complete apocalyptic destruction. The Sisters know there's something wrong in Tucker, Ohio—and they also know that the authorities aren't doing anything about it. When the girls take the investigation into their own hands, they run into wild conspiracy theories, abandoned homes... and something that screeches in the night. At the end of the world, four girls with bikes and baseball bats are there to stand in the way.

"Visaggio puts forward a cast of unique characters with terrific chemistry and Aguirre gives them a liveliness and infectious buoyancy."
—ROWAN GROVER, MULTIVERSITY COMICS

"What makes Visaggio, Aguirre, and Saam's work so effective is its celebration of rebellion in the face of such opposition. They've crafted a group of characters that embody the 'f**k you' mentality that is needed just as much now as it was then. There might be a lot of fantastical derring-do in future chapters, but this debut has already given us great new standard bearers for today's culture clash."
—BRENDAN HODGDON, DOOM ROCKET

"**SHARP, SNARKY AND SLICK,** Visaggio gives us a clever rewind to an unfolding mystery set in the early 80s."

After Erin Song's parents ban her from using her phone, TV, Internet and all her screens, she soon discovers mysterious, strange creatures and must foil their plot to take over Earth in this hilarious sci-fi graphic novel for tweens.

Erin Song lives in a digital world. Everyone has a phone, a tablet, a computer—more screens than you can count. Even with a world of information at her fingertips, Erin can't figure out the secret to popularity at her clique-y junior high school. So when uber-popular Wendy asks for help cheating on a test, Erin jumps at the opportunity. This could be her big break! Unfortunately, she gets caught, and her parents ban her from all her devices. Suddenly, Erin Song is the only girl in the world who's not allowed to look at a screen.

And that's when Erin notices something funny: small, furry aliens making humans disappear with a weird device Erin's never seen before. No one else notices them, though—except Erin's grandmother and two old men who run the local library. They've discovered that the aliens are using screens to control the human race, tricking them into thinking they aren't really there—and that anyone who's been abducted never existed.

Now it's up to Erin and her grandmother to save the day! But without technology on their side, do they stand a chance?

SAYS WRITER MAT HEAGERTY.

"I think a lot of young folks today believe there is no social life without social media. In *Unplugged & Unpopular* Erin learns that's untrue and that there's a whole lot of adventure to be had beyond the glowing screens."

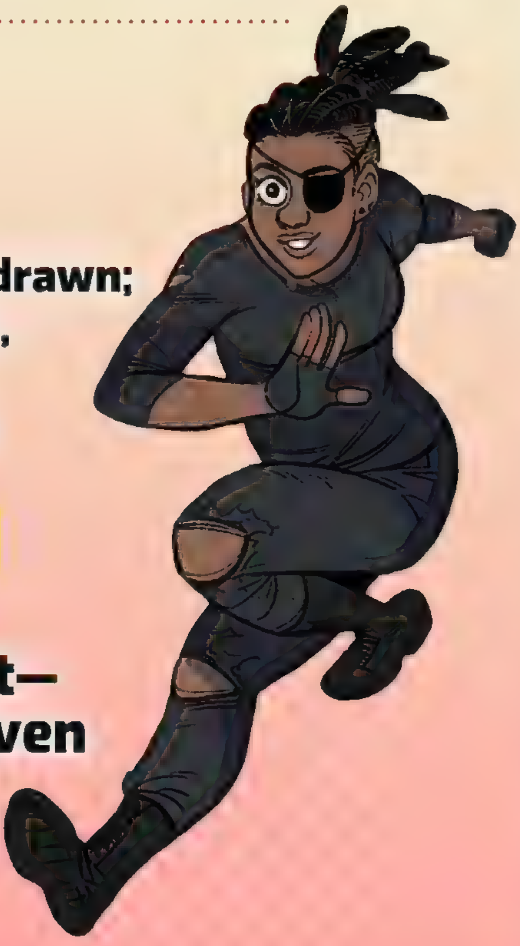
THE LONG CON
VOLUME 2
DYLAN MECONIS · BEN COLEMAN · EA DENICH
FRED C STRESING · ADITYA BIDIKAR

The action and hilarity continue in the second volume of this comic convention apocalypse adventure series!

Journalist Victor Lai and his comics publicist friend Dez Delaney have clawed, crawled, and occasionally golf-carted their way across a crowded post-apocalyptic convention floor in search of a way out. Along the way they've discovered a fledgling resistance movement of cosplaying superheroes led by Dez's former boss, Helvetica Caslon. She's got one last assignment: find the Special Guest and liberate the con. All that's in the way is a labyrinth of surreal panel rooms, literal personality cults, at least two warring fandom factions, and a totally biased gatekeeping system run by pedantic internet trolls. Can Dez and Victor convince the Special Guest to give up the utopia he's created? Or are the pros of this con on a crash course to doomsday?



"The Long Con **is so lovingly written and drawn; the sharp, funny dialogue moves at a clip, and the panels full of creative homages and stunning detail work keep you glued to the page. You'll read this one twice."**

—IBRAHIM MOUSTAFA (***HIGH CRIMES, JAEGER***)

"It may be early but I'm calling it—this team of creators has just given comics its own *Galaxy Quest*."

Kota's past has come back to haunt him in the final installment of the first volume of Sioux Falls. Trapped in the spirit world, Kota is faced with the seemingly impossible task of obtaining the feather of the mystical thunderbird in order to walk between worlds and return home. However, the further Kota ventures into the spirit world, the more he learns that his past is every bit as dangerous as the creatures found within. (STL125567)

O/A TRENT: A LIGHT TRAGEDY WITH MUSIC HC

(W) Dino Stamatopoulos

Trent is a light tragedy with music about the dangers of Hope and the delusions of Love. When Bob and Doris lose their baby boy, Trent, to a foolish mistake, they fall back on the old optimism of the classic musical. Singing their pain away and defying their doubts, their love of Trent teaches them that just because someone is gone it doesn't mean you stop loving them. Written by Dino Stamatopoulos, the writer and actor who immortalized Starburns on *Community*, and illustrated by Leah Tiscione, with a complete, free, downloadable soundtrack featuring the singing voices of Scott Adsit, Britta Phillips and Jay Johnston, bathe in the glory that is the graphic novel that launched Starburns Industries into comics. JAKE MADDOX: GEAR HERO GN

(W) Jake Maddox
(A) Eduardo Garcia

Nelson Greenwood loves BMX racing, almost as much as he loves to draw superheroes. The hero of his own comic book, Major Speed, isn't afraid of anything, much like Nelson's twin brother Nick. Nelson looks up to Nick and his mad BMX skills. But when a rough crash keeps Nick out of the BMX-Treme Competition, he suggests that Nelson take his place. However, Nelson doesn't think he has what it takes to compete against the best racers in the city — especially Nick's nemesis, Cain Otto. Can Nelson shift gears and muster the courage and strength of Major Speed to compete in the race? Combining a high-stakes sports story with a dynamic full-color comic format, this graphic novel is sure to be a win for young athletes and struggling readers alike. (STL087707) (C: 0-1-0)

JACK KIRBYS DINGBAT LOVE TP

In cooperation with DC Comics, TwoMorrows compiles a tempestuous trio of never-seen 1970s Kirby projects! These are the final complete, unpublished Jack Kirby stories in existence, presented here for the first time! Included are: Two unused *Dingbats of Danger Street* tales, Kirby's final "Kid Gang" group, inked by Mike Royer and D. Bruce Berry, and newly colored for this book! *True-Life Divorce*, the abandoned newsstand magazine that was too hot for its time (reproduced from Jack's pencil art — and as a bonus, we've commissioned Mike Royer to ink one of the stories! And *Soul Love*, the unseen '70s romance book so funky, even a jive turkey will dig the unretouched inks by Vince Colletta and Tony DeZuniga. PLUS: There's Kirby historian John Morrow's in-depth examination of why these projects got left back, concept art and uninked pencils from Dingbats, and a Foreword by '70s Kirby assistant Mark Evanier! AMERICAN COMIC BOOK CHRONICLES
THE 1990s
by KEITH DALLAS & JASON SACKS

AMERICAN COMIC BOOK CHRONICLES: THE 1990S HC

The *American Comic Book Chronicles* continues its ambitious series! Jason Sacks and Keith Dallas cover all the pivotal moments and behind-the-scenes details of the Bill Clinton years! The 1990s was the decade when Marvel Comics sold 8.1 million copies of an issue of the *X-Men*, saw its superstar creators form their own company, cloned Spider-Man, and went bankrupt. It was when Superman died, Batman had his back broken, and the runaway success of Neil Gaiman's *The Sandman* led to DC Comics' Vertigo line of adult comic books. It was the decade of gimmicky covers, skimpy costumes, and mega-crossovers. But most of all, the 1990s was the decade when companies like Image, Valiant, and Malibu published million-selling comic books before the industry experienced a shocking and rapid collapse! O/A COMIC BOOK IMPLOSION SC

In 1978, DC Comics implemented a bold initiative to combat plummeting sales: Give readers more story pages with a higher cover price, to better compete on newsstands. This "DC Explosion" brought with it many creative new titles, but just weeks after its launch, they pulled the plug, cancelling numerous titles and leaving stacks of completed comic book stories unpublished. It quickly became known as "The DC Implosion", and TwoMorrows Publishing delves into one of the most notorious events in comics with an exhaustive oral history from the creators involved (Jenette Kahn, Paul Levitz, Len Wein, Mike Gold, and others), plus detailed analysis of how it changed the landscape of comics forever! O/A MIKE GRELL: LIFE IS DRAWING WITHOUT AN ERASER

(W) Dewey Cassell (A) Mike Grell

From a seminal turn on *Superboy and the Legion of Super-Heroes* and creating the lost world of the Warlord, to his work on *Green Arrow*, Mike Grell made an indelible mark at DC Comics in the 1970s and '80s. But his greatest contribution to the comics industry was in pioneering creator-owned properties like *Jon Sable*, *Starslayer*, and *Shaman's Tears*. This career-spanning tribute to the master storyteller is told in Grell's own words, full of candor, optimism, and humor. Full of illustrations from every facet of his long career, with a Foreword by Chad Hardin, it is a fitting tribute to the artist, writer, and storyteller. (STL088521)

MANGAPEDIA: KAZUO KOIKE

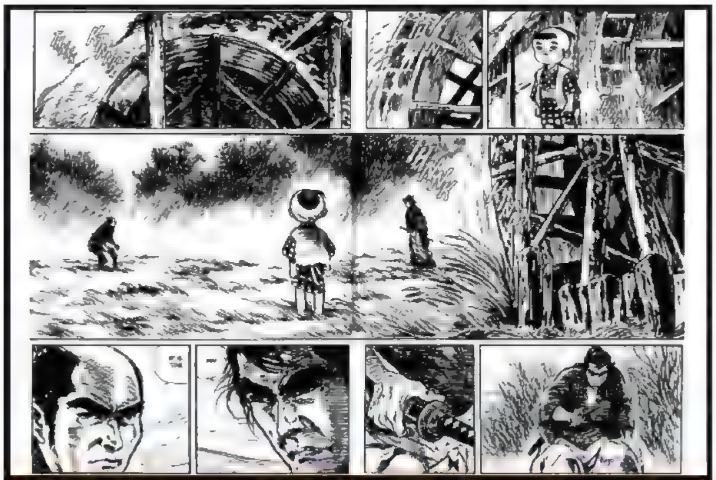
FROM DARK HORSE COMICS

Dark Horse was honored to know and publish the work of the great manga writer Kazuo Koike, who died on April 17 at the age of 82, less than a week after his contemporary, artist/writer Monkey Punch (*Lupin III*, *Little Dracula*).

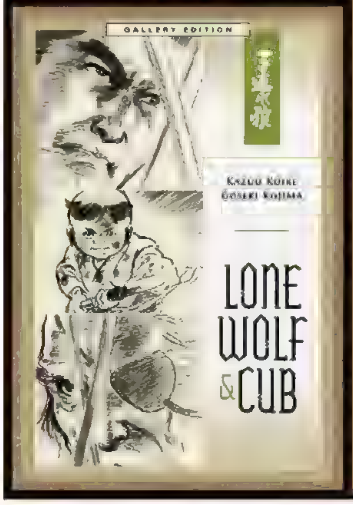
Both creators published their respective signature works, *Lone Wolf and Cub* (drawn by the late master, Goseki Kojima) and *Lupin III*, in Futabasha's weekly magazine *Manga Action*, which in the late 1960s and early '70s was helping to turn manga from a mainly children's medium into one which reached teens and adults as well.

What's striking in retrospect is how Koike did it with a different, even counterintuitive approach. Monkey Punch's *Lupin III* was a modern-day, fun-lovin' criminal — a hero for late '60s youth wishing to go wild. By contrast, Koike's Itto Ogami was a samurai, living centuries ago within a now-vanished social order; he was stoic, old-school… and a dad! Ogami and his son were also rebels and vagabonds, fighting against a corrupt power structure that had marked them for death… an important achievement in itself toward broadening the reader base for manga in Japan during the early 1970s, and making comics there truly a mass, rather than a niche, medium.

Koike's power to reach different generations was in far more than just his own books; he was an educator who for decades taught manga as something you must write, not only draw. Koike was the personal teacher of Rumiko Takahashi (*Urusei Yatsura*, *Ranma ½*), Hideyuki Kikuchi (*Vampire Hunter D*), and Garon Tsuchiya, the writer of the Eisner Award-winning *Oldboy*, to name only a few.



It's no coincidence that in the end it was *Lone Wolf and Cub* that marked groundbreaking events in the English-language manga industry: not once, not twice, but three times! In 1987 it became the first manga series to be published in English on a monthly basis. In 2000, Dark Horse released the entire series straight to graphic novel — a publishing approach that would become the industry standard shortly thereafter. And in 2018, Dark Horse released the final chapter of *Lone Wolf & Cub* as a gallery edition — the first manga gallery edition ever made (even in Japan).



Kazuo Koike-sensei lived to see his work open up the entire field of manga for the whole world. In 2013, he got the chance to meet one of his own heroes, Stan Lee, at San Diego Comic Con. How proud Koike would have been to see the manga section in ***PREVIEWS***!

The prudish club president, the class beauty, and the other nerdy girls' reactions are wildly different. TOY TALK: ANDY GORE

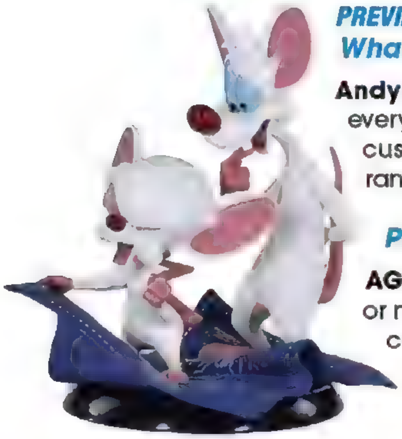
Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Quantum Mechanix CEO*, ANDY GORE...

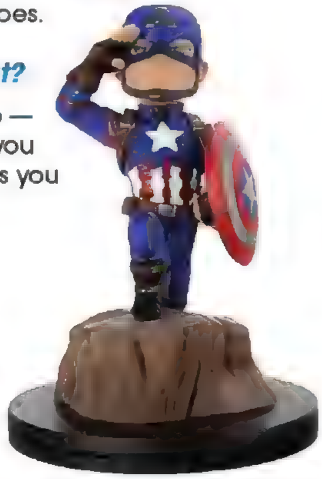


PREVIEWS: Can you detail what your job entails at Quantum Mechanix? What are your day-to-day responsibilities?

Andy Gore: I'm the CEO. My responsibilities comprise the day to day oversight of everything Quantum Mechanix, from product development to making sure our customers are happy. Quantum Mechanix produces collectibles for everything ranging from *The Princess Bride* movie to Marvel and DC superheroes.

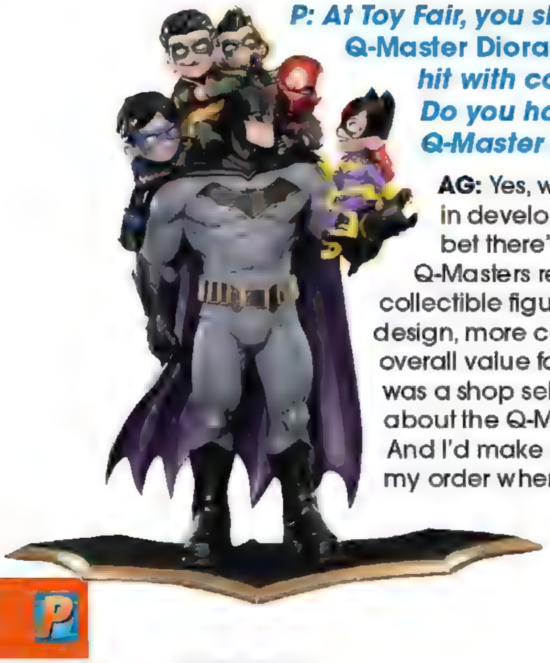
P: What license(s) are you currently most excited about?

AG: I'm a fan of everything we do. I don't think you can do this job — or maybe it's better to say I don't think you *should* do this job — if you can't see what's special in everything you do and all the licenses you develop for.



P: One of QMx's most popular lines is the Q-Fig... What makes this line so special?

AG: Q-Figs are all about telling stories. More than just being a cute version of a popular character, they're posed very carefully, capturing a moment in time that says something about that character that means something to their fans. The fact that you really need to take a Q-Fig out of its box and look at it from all angles to get a full appreciation of that figure speaks volumes about what makes Q-Figs special and why our customers love them so much!



P: At Toy Fair, you showed off the Batman Family Q-Master Diorama and it seems to be a huge hit with collectors and Batman fans. Do you have any other plans for future Q-Master Dioramas?

AG: Yes, we do! The Q-Master line has been in development at QMx for years, so you can bet there's much more to come! We believe Q-Masters represent a breakthrough in high-end collectible figures, offering greater complexity of design, more compelling storytelling, and just better overall value for resellers and their customers. If I was a shop selling collectibles, I'd be very excited about the Q-Master line and what it represents. And I'd make sure I was at the front of the line with my order whenever a new release is announced.

P: Any other exciting plans in store for QMx?

AG: We recently made a list of all the innovations QMx has brought to market since its inception — from magnetic clasps to our propriety plastic Everstone™. When we were done, the list was long! In fact, there hasn't been a year since our founding that we haven't delivered at least one ground-breaking product design, manufacturing technology, or new feature. So, yes, we have many exciting things in store for our customers. Best thing to do to not miss out is subscribe to our newsletter at *www.qmxonline.com*!

METAL GEAR SURVIVE: WANDERER 1/6-SCALE PVC STATUE

From Gecco Corp. Wanderer, the enemy that players encounter most frequently in *Metal Gear Survive* is expertly recreated as a 1/6-scale statue.
